Privacy Policy

Effective Date: 12th February 2025

Last Updated: 12th February

1. Introduction

Welcome to CryptoSI Vest. Your privacy is important to us, and we are committed to protecting any personal information that you share with us. This Privacy Policy explains how we collect, use, and protect your data when you interact with our platform. By using CryptoSI Vest, you agree to the terms of this Privacy Policy.

2. Information We Collect

CryptoSI Vest is a decentralized platform designed to operate with minimal data collection. However, we may collect the following types of information:

- **Non-Personal Information:** Includes blockchain wallet addresses, transaction history, and smart contract interactions, which are publicly available on the blockchain.
- **Voluntary Information:** If you contact us via email or customer support channels, we may collect your name, email address, and the contents of your message.
- **Technical Information:** We may collect anonymized analytics such as device type, browser version, and IP address to improve platform security and functionality.

3. How We Use Your Information

We use the limited data we collect for the following purposes:

- To facilitate token vesting and execute smart contracts.
- To provide customer support and respond to inquiries.
- To improve platform performance, security, and usability.
- To comply with legal obligations, if required by law.

4. Blockchain Transparency

CryptoSI Vest operates on **public blockchain networks**, meaning that transactions, vesting schedules, and wallet interactions are publicly visible. We do not control or manage blockchain data, and users should be aware that transactions recorded on the blockchain cannot be altered or deleted.

5. Data Sharing and Third-Party Services

CryptoSI Vest does not sell, trade, or rent your personal information. However, we may work with third-party service providers, such as:

- **Analytics providers** for platform performance tracking.
- **Security auditors** to enhance smart contract integrity.
- **Oracles and price feed services** to determine token release conditions. These third parties are required to adhere to strict privacy and security policies.

6. Cookies and Tracking Technologies

We may use cookies or similar technologies to enhance user experience, such as

remembering preferences or analyzing site usage. Users can manage or disable cookies through their browser settings.

7. Data Security

We implement industry-standard security measures to protect user data, including:

- Encryption protocols to secure communications.
- Regular audits of smart contracts.
- Strict access controls to prevent unauthorized data access. Despite these measures, blockchain transactions are inherently public, and users should take personal security precautions, such as safeguarding private keys.

8. User Rights and Choices

As a decentralized platform, CryptoSI Vest collects minimal personal data. However, users can:

- Contact us to inquire about stored personal information.
- Request data deletion where applicable (e.g., off-chain communications).
- Manage cookie preferences through browser settings.

9. Compliance with Legal Requirements

CryptoSI Vest complies with applicable data protection laws. If required by law, we may disclose certain information to regulatory authorities or law enforcement agencies.

10. Changes to This Privacy Policy

We may update this Privacy Policy periodically. Changes will be posted on our website with a revised "Last Updated" date. Users are encouraged to review the policy regularly.

11. Contact Information

For any privacy-related inquiries, please contact us at:
